Mid-Semester Grade Report

The Office of the Registrar requests that mid-semester grade reports be submitted by 12:00 PM on October 6. Please refer to the midterm grading instructions here.

Unsatisfactory Progress - Web grading capability is available for faculty to assign Unsatisfactory Progress grades for all students. If, for any reason, you are unable to access your class list to assign unsatisfactory grades, please contact Elise Mickey in the Registrar's Office at ext. 7-5485. Please note that this process is only to solicit unsatisfactory progress, not a grade for all students.

Courses with All Satisfactory Grades - Faculty are also asked to report if all grades are satisfactory in the course in addition to submitting unsatisfactory grades.

Charlotte Unrest: One Year Later

Numerous events are scheduled to reflect on last year's shooting of Keith Lamont Scott. UNC Charlotte Faculty will gather from 12:30-1:30 p.m. on Thursday, September 21 (CHHS 161) to discuss setting the stage for challenging conversations, providing best practices for strategies and providing tools to support these conversations in the classroom.

DegreeWorks Available to Undergrad Students

While DegreeWorks has been available to graduate students for a year, it has now been rolled out to undergraduate students who were admitted in Fall 2014 or later. DegreeWorks is the degree audit tool that allows students and their advisors to view progress toward a degree, based on students' declared curriculum in Banner. The Office of the Registrar has used the Undergraduate Catalog and worked with faculty and staff to set up requirements so students...
can use the tool 24/7 to view their progress. We encourage students to use this tool in conjunction with advising to monitor academic progress. Access to DegreeWorks is available in My UNC Charlotte. DegreeWorks FAQs online.

**Under Construction . . . Niner Central**

Wondering about the renovations in Cone Center, where the candy counter used to be? Not only are we tearing down physical walls, we're also tearing down barriers for student services. In that space, we will open a brand new office, called Niner Central. This office was created as part of the Chancellor's "One University" plan, in an effort to streamline student services. For student questions and service about student records, student billing, or financial aid, students will no longer have to bounce between three different offices - they will go to one location for their answers. The cross-trained Niner Central team will respond to questions via email, phone and walk-in. The office is scheduled to open in late November.
