_____ Other-List: _____________________________ _____ Tobacco Use

***Special Session On Oral Health***
We invite abstracts for a special session on the cross-cutting theme of oral health and public health. This special session will complement the formal program and will provide an opportunity for presentations and extended dialogue and exchange.

***What is 3MT?***
The three minute thesis is a research communication competition developed by the University of Queensland which requires the presenter to present a compelling oration of their research and its significance in just three minutes in language for a general audience. The goal is to explain your research in less than 200 words. Presenters will be limited to a single static PowerPoint slide.
*Please state any conflicts of interest or disclosures:
